# **Randolph Facilities Planning Area**

## **I. Existing Situation**

### **A. County/Basin:**

Portage/Lake Erie

### **B. Facilities Planning Area:**

Randolph

### **C. Management Agency (MA):**

#### **I. Primary MA**

a) Portage County Water Resources Department (Portage County Regional Sewer District)

#### **II. Secondary MA**

a) Portage County Water Resources Department (Portage County Regional Sewer District)

### **D. Publicly-Owned Treatment Works:**

Randolph WWTP 0.3 MGD

### **E. Facilities Plan:**

Not written

### **F. Area Served:**

Randolph Township

### **G. Receiving Stream:**

Congress Lake Outlet

### **H. Contact Person/Address/Phone/Fax:**

Portage County Water Resources Director/Sanitary Engineer  
Portage County Water Resources Department  
8116 Infirmary Road  
Ravenna, Ohio 44266  
Phone: (330) 297-3670  
Fax: (330) 297-3680

### **I. Population Served:**

The population projections used in the 201 Plan and those in the NEFCO 208 Clean Water Plan are compared below.

Population projection:	2000	2005	2010	2015	2020	2025
201 Randolph Township Approved 208	<b>NOT AVAILABLE</b>					
Randolph Township(a)	5,055	5,108	5,182	5,255	5,345	5,424

**Approved by the NEFCO General Policy Board  
11/18/2020**

Population projections for the Randolph Township 201 area have not been developed. Updated projections are scheduled to be prepared after county population projections are produced by the Ohio Department of Development Office of Strategic Research.

(a) Adopted by the NEFCO General Policy Board in 2000.

## **II. Wastewater Treatment Planning Prescriptions and Wastewater Planning Options**

Original source information provided by the Portage County Water Resources Department (Portage County Regional Sewer District), June 30, 2000.

### Portage County Water Resources Department (Portage County Regional Sewer District) Jurisdiction

#### **Areas Currently Served with Sanitary Sewers (yellow):**

*Randolph Township (part)* - These areas are currently served with sanitary sewers that have been constructed and are currently in operation. However, there may be undeveloped tracts of land and vacant lots subject to improvement. All new development and construction in the yellow areas of this facility planning area will be required to connect to and/or provide sanitary service to ensure that wastewater will be treated at an existing publicly-owned treatment works (POTW) with modifications or expansions as required to handle the flow. Existing non-residential private treatment systems (semi-public) shall be abandoned, and connection made to the existing sanitary sewer system if available. Failing home sewage treatment systems (HSTSs) serving single family homes shall be abandoned in accordance with Ohio Administrative Code 3701-29-02.

#### **Areas Expected to be Served with Sanitary Sewers within the next 20 Years (orange):**

*Randolph Township (part)* - These areas are proposed to be served with sanitary sewers. However, there may be undeveloped tracts of land and vacant lots subject to improvement. All new development and construction in the yellow areas of this facility planning area will be required to connect to and/or provide sanitary service to ensure that wastewater will be treated at an existing publicly-owned treatment works (POTW) with modifications or expansions as required to handle the flow. Existing non-residential private treatment systems (semi-public), which cease to operate properly, shall be abandoned and connection made to the existing sanitary sewer system. Failing HSTSs serving single family homes shall be abandoned in accordance with Ohio Administrative Code 3701-29-02.

#### **Areas that will be Served by a POTW or by Home Sewage and Semi-Public Sewage Disposal Systems (green):**

*Randolph Township (part)* - Future development will be served by existing POTW modified or expanded as required to handle the flow or a non-discharging sewage disposal system. Non-discharging systems including on-site septic systems and systems in which the effluent is applied to the land are locally permitted at this time. New discharging systems are only permitted for repair of existing systems in cases where both central sewer and non-discharging systems are not available.

The new wastewater treatment plant also serves the Spring Lakes and Fox Run (fka Randolph Acres Mobile Home Parks and the Randolph Fairgrounds).

**Approved by the NEFCO General Policy Board  
11/18/2020**
